THE MEN WHO WOULD BE KINGS

UNLIKE THE BRITISH ADVENTURERS FROM REYD AND KIPING'S AMED NOVEL, THESE TWO MEN WILL GAIN GLORY NOT WITH FANTASTICAL KNOWLEDGE OF ALKEMIC RITUAL BUT WITH THEIR TRAVELS OF A HOSTILE WORLD WEARING SOME OF THE MOST ROBUST LUXURY TIMEPIECES.

Omega Constellation Chronograph, 1960s, available at the Omega Boutique, 1000 Avenue de la Gare, 1201 La Chaux-de-Fonds, Switzerland.

NO SURPRISES

THE BULGARI OCTO CHRONOGRAPH PURGES OPULENCE OF ORIENTALISM.

By André Frank White Bulgari's greater time collection has defined many a complex watch like the Quattro Reali and the Fiamma. In addition, the growing Bulgari time Chronograph offers a complex range of luxury. Since 1911, Bulgari has created watches in this day and age of watchmaking. For 100 years, Bulgari's watches have been a symbol of luxury and elegance. The Bulgari Octo Chronograph is a watch that is both elegant and functional. It is a watch that is both a symbol of luxury and a symbol of elegance.

A CLOCKWORK ORANGE

OMEGA GARNERS IMMENSE PRAISE FOR AN ODE TO A CLASSIC, ALBERT WITH A ZESTY, MODERN TWIST.

By André Frank White A Spectator's clock is a watch that is both a symbol of luxury and a symbol of elegance. It is a watch that is both a symbol of luxury and a symbol of elegance. The Omega Spectator's clock is a watch that is both a symbol of luxury and a symbol of elegance. It is a watch that is both a symbol of luxury and a symbol of elegance.

By Jonathan Ho I can attest from personal experience that there's no greater pleasure than to feel the breeze rush against your face either accompanied with a little salty spray or by virtue of extreme torque from rapid acceleration, even if boats horsepower of one. Perhaps similarly, Breguet finds equal pleasure in decorating every inch of what is meant to be a timepiece of simple utility because it shows.

The massive 18K rose gold timepiece with sporty rubber strap is built like an indestructible tool, watch but decorated in the same vein as a classic Breguet chronograph. Endorsed Breguet timing can be found on the midcase and the solidly constructed bezel. The water level between the winding crown at 3 and alarm setting crown at 4, serves to indicate the dive time indicator in place while the alarm switch is located at 6 in order wave shape. I mention this because while the watch isn't exactly oversized (case measures at 45mm), it appears that way thanks to the crown and push pieces on the flange as the case follows the piece with immense wrist presence.

The refinements did feature traditional Breguet-style case engine were "palllocks" patterns which add elegant charm to what is meant to be purely a functional tool watch (and for 18K rose divers and the ability to alert you to whatever time you have seen fit to set).

Yet, even with no shortage of useful details, it is the automatic Breguet caliber 519 Q, which surprises me. The supple crystal caseback shows of an exquisitely decorated rotor and a movement plate planing with paragon, never have I seen a more beautiful movement in a diver's watch.
