Beach is a gorgeous coastal estate in the heart of
Crystal Cove, which provided us with the ideal palette
to demonstrate our signature transitional design
and feel. To complement the understated elegance
of Northern Italian architecture, white oak floors and
Venetian plaster, we chose earth tone fabrics that deliver
a relaxed sophistication, which invites a potential buyer
to envision themselves at home entertaining friends
or snuggling up by the fire to watch the sunset. In each
room, we layered in accessories that provide pops of
color that brighten the spaces and enhance the allure of
this truly distinctive property.
