Shank Space!
 If you're wearing a heavy jacket like this one, make sure the other layers fit in a snug way. Laid-back, loose-fitting layers will look sloppy and bulky for the office. Come back to work in a more fitted way to make a difference.

No More Than Three Layers
 If you're wearing a heavy jacket like this one, make sure the other layers fit in a snug way. Laid-back, loose-fitting layers will look sloppy and bulky for the office. Come back to work in a more fitted way to make a difference.

Stick to Fit Jeans
 Layering never makes sense if you're wearing baggy jeans. Stick to a more fitted style. A pair of dark denim jeans is a good choice. Color is an important factor, too. Stick to dark denim for a more professional look.
